## Career Summary

A published data scientist with years of experience hypothesis testing, experimental design, enterprise-level reporting, and machine learning on a diverse range of data. Conducted end-to-end development on multiple R packages delivering open-source solutions to the community. Nick frequently acts as a mentor to sharing best practices with the team resulting in continuous improvement, performance code, and increase project completion.

## Employment History

- 06/2022 – 01/2023 **Research Data Scientist**, *University of Queensland*, Clayton, VIC.
- Lead end-to-end analysis of the largest global COVID-19 patient-level data resulting in several submitted journal articles on kidney health outcomes
  - Delivered batteries of models varying cohorts, model formulas, and hyperparameters tuning on patient-level health data
- 07/2018 – 10/2022 **Research Officer**, *Monash University*, Clayton, VIC.
- Data Fluency Instructor*: Lead workshops (10-30 people) on statistical modeling, R, Python, PowerBI, and Git
  - Teaching Assistant*: Post-grad tutorials on high-dimensional data analysis, post-grad data visualization, business and undergrad economic statistics
  - Research Officer*: Extract, transform, load, and analysis of census and text data
- 12/2016 – 1/2018 **Business Intelligence Developer**, *CPI Card Group*, Denver, CO.
- SQL reporting; across 4 reporting platforms and 4 servers
  - Mentor junior teammates and improve query performance
  - Triage and transfer 30+ legacy reports to modern reporting solution
  - Developed supply chain report tracking a cost reduction of more than \$4M USD
- 07/2015 – 10/2016 **Business Intelligence Developer**, *UDR Real Estate Investment Trust*, Denver, CO.
- Transition enterprise reporting from WebFOCUS to SSRS – 10+ reports
- 11/2014 – 04/2015 **Business Intelligence Analyst**, *Heartland Financial USA*, Dubuque, IA.
- Financial reporting for internal and external audiences
- 02/2013 – 05/2014 **Delivery Analyst**, *IBM – International Business Machines*, Dubuque, IA.
- Automated ETL with VBA macros for about 0.5 FTE savings across the team
  - KPI reporting to teams and management
- 01/2010 – 08/2012 **Laboratory Technician**, *The Ames Laboratory & Iowa State University*, Ames, IA.

## Authored Software (R Packages)

- 09/2022 **cheem** – Novel analysis and interactive visual for exploring ML interpretability [Link](#)
- 10/2020 **spinifex** – ggplot2-like API for composing and exporting animated projections [Link](#)

---

## Education

- 02/2018 – 06/2022 **Ph.D. Information Technology & Statistics**, *Monash University*, Clayton, VIC,  
Dimension reduction, interactive and animated data visualization, machine learning  
Thesis: *Interactive and Dynamic Visualization of High-dimensional Data*.
- Novel interoperability visualization methods for **Fit random forest models on several contemporary datasets** also shown to generalize to other models with **SVM and XGboost**
  - Utilized **SHAP and LIME local explanations** to explore local linear variable importance to understand large residuals in the models
  - Created **novel interactive animation** facilitating this exploration in a web app
  - **Authored an R packages** on CRAN as free and open source work in improve reproducibility and contribute back to the community
- 08/2008 – 05/2012 **B.Sc. Statistics**, *Iowa State University*, minors in Physics and Mathematics, Ames, IA.

---

## Technical Skills

Programs R, SQL, Python, Git, GitHub, LaTeX, Excel, VBA  
Packages ggplot2, tidyverse, plotly, shiny, tidymodels, caret, keras, pandas, scikit-learn  
Reporting SSRS, Tableau, PowerBI, Rmarkdown, Shiny

---

## Awards and Honors

- 06/2022 Invited article for INFORM's OR/MS Tomorrow [Link](#)  
04/2022 RStudio: March "Top 40" New CRAN Packages [Link](#)  
05/2022 Monash Postgraduate Publication Award  
10/2020 Melbourne Datathon 2020 – **1st place of several hundred entries** [Link](#)  
◦ *Changes to Victorian Intraday Electricity Demand Following COVID-19 Restrictions*  
11/2018 ACEMS Impact and Engagement Award  
07/2018 UseR2018 Datathon – 3rd place  
◦ Spatio temporal animated visualization of over 7 million avian sightings  
2018 – 2022 Faculty Graduate Research Scholarship  
2018 – 2022 Co-funded Monash Graduate Scholarship  
05/2012 Nominated for Student Employee of the Year  
05/2011 Nominated for Student Employee of the Year  
05/2008 American Legion Award
